Dear Orthodox Church Community Leaders,

Thank you for the leadership, care, and service you provide to your parish community.

At the National Hellenic Museum, we believe in bringing people together across generations to share Greek history and culture, strengthen connections, and discover the ideas and experiences that bind us together. Our parishes are an essential part of that community.

I am writing to invite your parish to experience ***The Odyssey: Reimagined***, featuring contemporary artists interpreting the enduring themes of Homer's *Odyssey*. Special docent-led visits are available for senior, adult, youth, church school, and Greek school groups to explore the exhibition and Museum.

Thanks to a generous grant from the **Hellenic Foundation, bus transportation is reimbursed for eligible group visits through December 2026**, making this an ideal time to visit.

I have enclosed a flyer with **visit options and reservation information** and hope you will share it throughout your parish. We are also sharing the information directly with our contacts for your parish groups.

We hope to welcome your parish to the National Hellenic Museum this fall. Please contact me with any questions, or to book a trip call 312-544-1221.

Sincerely,

Marianne Kountoures
